VOL. 10, NO. 265 MONESSEN, PA., SATURDAY, APRIL 13, 1912 SIX CENTS THE WEEK

EISTEDDFOD THE BIG EVENT THIS EVENING

This Saturday afternoon and evening is being looked forward to as one among the most popular of Monessen's yearly events—the second Eisteddfod by the Cambrian Literary Society to be held in the opera house.

Last year being the first entertainment to be given in our town by this society of Welsh people was much of an experiment, in a way, but such success attended it that this year the music lovers of Monessen and surrounding neighborhood have long been anxiously anticipating this day's number, and all indications are that the Eisteddfod of 1912 will by far eclipse last year's production.

Male and mixed choirs from Turtle Creek, Homestead, McKeesport and Monessen will compete, and that competition will be keen is indicated by the number and strength of the entries, and it promises to be the finest musical treat yet heard in Monessen.

The preliminary will be held at 6 o'clock p. m., sharp, in the opera house, Schoonmaker avenue and Fifth street, and all competition in soprano solos, tenor solos, duets, T. and B. baritone solos, are requested to attend at this hour.

On account of the sickness of Prof. Davies, conductor of the male and mixed choruses, the Monessen competition will be somewhat handicapped, but under the able leadership or direction of Mrs. W. S. Robbins for the mixed and Rev. Thos. E. Hughes for the male choruses, the work will go on in most excellent shape, and local people are looking for successful and creditable competitory work in their parts.

This event is attracting widespread attention all over Western Pennsylvania and Eastern Ohio, and visitors are expected from most every locality and arrangements are being made for their reception and entertainment. The opera house will be packed to overflowing tonight.

Dr. E. L. Hibbs has purchased a Ford runabout from the local agent, B. E. Brown.

M. MEYERS & SON

THE MENTZER A. C'S TO PLAY FIRST GAME

Today, the Mentzer A. C., will open their season on the Electric Park grounds and barring any accidents to the star players, they should come out of their first encounter victorious. The boys have solicited sufficient money for their uniforms from business men around town and the suits have been ordered through C. F. Mentzer, the local agent for A. G. Spalding.

The team is being managed by Mr. Mentzer and an attractive schedule is being arranged for to comprise games on Saturday and an occasional twilight game. Milton McLoughlin is the captain and this sturdy little leader should be able to aid greatly in securing the juvenile championship for Monessen.

Edward Bennett of Reynoldsville, has accepted a position in the wire department of the Pittsburgh Steel mill and will assume his new duties Monday morning. Mr. Bennett is a brother-in-law of R. W. Beck, the druggist, and is a guest at the Beck home. He will soon move his family and make Monessen their future home.

MRS. HENRY IS COMING

On Monday, April 15, Mrs. Henry, a representative from the Pictorial Review Pattern Co., will be at our store. She will be pleased to meet with the ladies of Monessen to discuss and explain the merits of the celebrated Pictorial Review Patterns with them. We cordially invite you to call and meet her on Monday. A copy of the Monthly Fashion book free.

COL. ROBBINS SUPPORTED BY THE FEDERATION OF LABOR

The Pittsburgh Labor World Also Endorses Him For Congress in a Lengthy and Broad-minded Editorial Article

THE LOCAL OUTLOOK IS GOOD FOR C. L. SCHUCK

To the Members of Organized Labor,

Greeting--As there is a hot fight on in the Westmoreland and Butler District for Congress and as organized labor should be careful to select only those who can be depended upon to work for their interests, I would suggest that the working class give preference to E. E. Robbins as the most to be desired candidate.

Very truly yours,
E. A. Greenwalt,
Pres. Penna. Federation of Labor.

The above appearing on the editorial page of the Pittsburgh Labor World of Thursday, should need no further comment, as it speaks in tones clear and ringing to the laboring man. In the same issue of the Labor World, is a column and a half editorial, headed, "Robbins Deserves Labor Vote."

The World plainly presents Col. Robbins' record as a man, a citizen and a friend of the common people, and after an honest, unbiased review, the World concludes as follows:

"He is one of the people and knows no lines that mark them off into classes. His aim is to work for the common good and to make the community and nation better for all of us. This is the kind of man and the only kind that should be sent to Congress to make our laws.

Deep interest is being manifest in the primary as we go to press, and indications are that a good vote will be polled in the three wards of Monessen and at all the neighboring precincts. There is considerable rivalry among workers for different candidates and while this is so, the fight is being waged in a seemingly good natured vein.

There seems to be some diversity of opinion as to candidates for the various offices to be filled but on the Congressional fight there seems nothing to it but Robbins and when the votes are counted tonight, even the few who are unfriendly to him concede that he will have a walk-over.

On the Assembly ticket, C. L. Schuck, our home man seems to have the upper hand in the minds of our people, and to those who know him best it is apparent that he will, or should get the big end of the poll. Everybody's working, but in an apparent good natured way.

LET EVERYONE SEE IT

A French cook is in charge of the culinary department of the New York restaurant and that is why everybody should go there in order to give themselve the best, for the best is only where those who know how to make the best are.

A good maxim to follow is "Don't be a knocker, hide your little hammer and try to speak well of others and when a stranger drops in jolly him and tell him this is the greatest town on earth and don't discourage him by speaking of your neighbors in a disappointing, manner for that is no fun and it is not business that makes you get along in the world."

We serve the best meals in town; clean, quick and politely and serve them at reasonable prices, 20 cents for meals including 3 side dishes and bread, butter and coffee. Our dinner special is soup, order and three side dishes and coffee, milk or tea. Try us; you will come often and always. $3.50 meal tickets for $3.00. The New York restaurant, 464 Donner avenue. Don't forget we serve also the best Java coffee in Pennsylvania.

DONORA BEATS LOCAL TEAM AT BASKETBALL

An extra post-season attraction was staged last evening in the basement of the Christian church gym between the Y. M. B. C.'s and the Methodist team of the Donora church league and resulted in a defeat for the locals by a score of 30-24. It was without doubt one of the fastest games played between these two teams so far and was witnessed by a large crowd who came out to cheer for the locals in spite of the inclement weaher.

ATTENTION

First call for Monessen to get Modern Brick Buildings at a price that makes men do business—Our motto is, do good work and give a square deal every time. We designed and erected some of the first Brick Buildings that were built in Monessen, among them the Monongahela hotel, Reinhart building, Reeves building, and the Wilson building—After careful consideration we have decided to open an office in Monessen with the above aim in view. Will be at the Monongahela House, Monday and Tuesday, 15th and 16th. Will have about 75 plans of brick dwellings, business blocks, flats, duplex dwellings and bungalows.

Call or meet our architect and manager on above date—You will find him a live wire in the building business, especially brick buildings. We have been in business 28 years and are up to date in designing of brick buildings. We have a new method of building the same.

Come and meet us. First in will get the lowest prices.

The Modern Brick Building Company
Care Monongahela Hotel.

LOCAL MILLS HAVE LARGE PAYS TO-DAY

For the first time since the beginning of the year Monessen will experience a Saturday when every industry of the town will pay thousands of dollars to their employees. The mills of the community have been running steadily for the past month and an immense sum of money will be distributed through the different banks and by the paymasters at the mills. It is estimated that the total sum will amount up to almost a quarter million dollars. In addition to this the mines and other large concerns in the vicinity will contribute largely to the business houses in the larger towns and this place in particular.

Although the rains of the last evening and early morning will retard in a small measure the larger numbers of out of town people who generally come here on Saturday, it is thought that business will be more brisk than ever because of the many other advantages the day holds forth and the large number of attractive bargains here by the enterprising merchants.

The polls will be open from 2 until 8 p. m. and this is expected to bring a large number of people out. The saloons will be closed from 1 'til 9 o'clock. Already a large vote has been polled and the managers of the different candidates are working hard in their efforts to bring their respective candidates to the front with flying colors.

Plans For New Business Building

Plans are being figured on for a new three story brick store and apartment building including a finished basement to be built by James V. Conti, from plans made by J. A. Lohman, Architect. The building planned is to be built at the corner of Schoonmaker avenue and Third St. The frame building on the lot now will be moved to the rear to make room for the new structure.

Visiting ths Schoolroom

There are not nearly so many people who remember or think of visiting our public schools as should. Most people, even those who have children attending school seem to have the idea that when they hand the tax collector the bit of money assessed to them to help defray the expenses of running the schools that their responsibility ends and they have no more to do. This is even more so today, since the free text book system has been instituted than it was before, when each parent had to look after the purchasing of readers, spellers, arithmetics, grammars, histories, etc., and pay for them out of their own pockets. Then, parents and guardians made an effort to visit the schools and took an interest in learning if the children made good use of the books provided for them, and almost invariably would make the scholars a speech, and that speech in those days was apprecated and each one endeavored to profit by it.

The importance of frequent visits to the schools cannot be over estimaed, as the practice comes next to church attendance, as our public schools are undoubtedly the greatest power and influence for good in a community, and in view of this, it is proper for those in charge of schools to now and then set aside a day when the people may be made doubly welcome as visitors, and see and learn for themselves just what a great work is being carried on. A visit accasionally enables the parent to learn what our children are accomplishing and the interest they are taking in their work. Their presence in the school room will do more than satisfy a personal curiosity. It will lend encouragement to teachers and students. And so we say it is good for both school and people for patrons of the schools to make their visits as frequent as possible. It may not seem like much of importance, but the school children appreciate visitors more than many think, and a mark of appreciation of their work encourages them on to greater and better and better things.

If the present birth rate continues in Pennsylvania there will be an addition to its population by the time the next census is taken of at least a million of native born citizens, to say nothing of the increase caused by immigration and the coming to this State of people who see in Pennsylvania far greater attractions than there are in any other State. The reports received at the Bureau of Vital Statistics of the State Department of Health, for the month of January, show that in that month there were 10,435 deaths and 17,633 births in this State, or about 7,500 more births than deaths.

The women of Beaver are petitioning the members of the town council to set apart a section of one of the streets for a curb market. This movement is being agitated in different towns and cities, with a view to giving the dollar greater purchasing power when it comes to food stuffs, and goodness knows if anything of that kind can be done it should be attempted at once—not only in Beaver, but in Monessen and everywhere. Thus our town would be rid of at least to a degree, of hucksters, who in many instances become annoying by their system of hallooing and "bawling out" of their wares at all hours of the day, regardless of sickness, death or any other reasonable reason.

The most unique washing in the world hung out on a line in a sunny room of the engraving bureau at Washington, D. C., Wednesday. It consisted of hundreds of thousands of paper bills and as the first machine "washday" of Uncle Sam's new machine to rehabilitate currency. Heretofore the treasury department has destroyed all "filthy lucre." The new plan washes off the dirt, makes the bills antiseptic and is expected to save Uncle Sam thousands of dollars heretofore spent for engraving and printing of new bills in place of those destroyed. Wonder they hadn't thought of that long ago.

The law which forbids the owners of fowls to allow them to run at large is being violated each and every day. It might be well for the owners of the straying chickens to bear in mind that they run the risk under the law of having their birds killed; and if killed while trespassing there is no redress.

Crane's linen lawn box paper in pink, blue, green, dove grey and silver bevel, at Kirk's.

MONONGAHELA IN A SUSPICIOUS MIXUP

Monongahela is in a mixup regarding the selection of a garbage plant. It seems that bids were advertised for and the health board recommended turning the award to the Dixon Construction Co., of Toledo, O., this, seemingly without much consideration being given to other bidders or the merits of their apparatus. Consequently the city council has been called to account by Charles F. Walthers of Pittsburgh in a plain spoken letter, stating that bids were not opened and presented in due form but the award was made from the personal recommendation of one man, Chairman Underwood of the Sanitation committee. Investigation showed that on Mr. Underwood's recommendation the Dixon bid had been retained and filed while all other bids were returned to the respective companies who sent them. This method of passing on and selecting a bidder seems to be rather cloudy. That it is hard for some people to understand, seems plain by the discussion aroused indicating a state of one-sided-ness, or a cut-and-dried, ready-made policy, as it were.

Good Times Coming for Jeannette

From present indications Jeannette will experience a boom in the building line during the coming spring and summer. Within the past ten days at least a dozen have been figured on. The building industry here has been active right along, but was retarded during the past winter on account of the impossibility of doing outside work during the very cold weather. In addition to new work comtemplated the repair work in the builders' line will probably be large during the spring and summer months.

Good Boxing Exhibition Monday

The boxing show to be held in the opera house on Monday evening will see one of the biggest crowds that has ever attended an event of this kind in the Valley. A strong card has been arranged and in addition to four regular bouts, Eddie Coleman of this place is booked to go on with a well-known scrapper from Belle Vernon The main bout is between "Swats" Adamson of Brownsville and "Red" Robinson of Pittsburgh. A large number of out of town enthusiasts are expected to be on hand when the referee's whistle blows.

WANTED—Two scrub women and two ushers, from 15 to 18 years old, at the Olympic theatre. Apply at box office. 62-tf

MINERS' WELFARE CAUSE OF TAFT

Bureau of Mines Marks Great Step Forward.

SAVES HUNDREDS OF LIVES.

Discovery of Danger of Coal Dust Important — Handling of Explosives Made Safer — Government's Experimental Coal Mine.

The saving of many lives annually—the lives of miners throughout the United States—will be one of the splendid results that will follow the establishment of the bureau of mines, one of the great achievements in the interest of labor of the administration of President Taft.

The excessive and unnecessary loss of life in the mines of this country was one of the primary causes for the creation of this bureau. For years hundreds of miners were killed in mine disasters, and practically nothing was done to check the terrible loss of life.

Spurred on by President Taft, an act creating the bureau of mines was passed by congress and became effective on July 1, 1910 John A. Holmes of the United States geological survey was appointed as the first director. Mr. Holmes was reputed and certified to be the best trained man for the place obtainable in the United States. The chief experimental station was established at Pittsburgh, where the investigations of the problems intrusted to the bureau have been prosecuted so successfully for nearly two years.

In the year 1907, the most disastrous of all years in the American coal mines, 3,125 miners lost their lives. This represented 4.86 of men killed for every 1,000 employed. In coal mines in Europe less than two miners are killed out of every 1,000 employed. As a result of the work conducted by the bureau of mines and the wise use of an appropriation of $150 000 made by congress, the death rate has been already reduced to practically one-half what it was in 1907.

One of the notable achievements of the bureau of mines was the demonstration of the fact that coal dust in a bituminous mine is more dangerous and deadly than gas. It had been the belief heretofore that gas or fire damp was the greatest menace to the miners and little attention was given to the accumulation of coal dust. The bureau of mines proved to the satisfaction of the miners as well as operators that coal dust would explode and, unlike fire damp, carried no warning with it. The keeping of dusty mines wet, as recommended by the bureau of mines was found to reduce materially the chances of explosion of coal dust.

The number of deaths in the mines has been greatly reduced as a result of the testing of explosives under the direction of the bureau of mines. In the year 1908 the coal mines in the United States used 2,000,000 pounds of short flame explosives, and at present nearly seven times that quantity is being used with greater safety, due to the co-operation of the coal operators and the bureau of mines.

The establishment of an experimental coal mine at Brucetown, Pa., twelve miles from Pittsburgh, is still another notable achievement of the bureau of mines. It places the United States in advance of other nations with respect to this research and experimental work in mines. Numerous tests are made at this experimental mine, from which many excellent results are obtained.

Still another important work which is conducted under the auspices of the bureau of mines is the rescue of entombed miners. Since the creation of the bureau many hundreds of lives have been saved. At the big mining disaster in Ohio one of the rescue corps of the bureau of mines arrived at the scene thirty-two hours after the disaster. Three men were rescued who had been given up as dead and allowed to remain in the mine. At another time one man was found alive among 150 dead, and today he is the sole survivor of that terrible catastrophe due to the splendid work of the rescue corps.

Before the bureau of mines was made possible by the interest of President Taft, which was followed by the necessary legislation for its establishment, there was no organized effort in saving the lives of entombed miners. Time and again men have sacrificed their lives in vain attempts to rescue their companions. This unnecessary sacrifice of life has been stopped by the co-operation of the state authorities with the federal rescuers attached to the bureau of mines. An investigation of the fuel resources of the United States is also being made with a view of checking the waste and increasing the efficiency with which fuel is used. This latter phase of the work is a part of the practical conservation policy of the Taft administration.

Dr. Wiley Supports Taft.

Dr. Harvey W. Wiley, who recently resigned as chief chemist of the department of agriculture, when in Cincinnati several days ago made the following statement:

"President Taft is the one man who stood between me and destruction at Washington. When efforts were being made to 'assassinate me' Taft proved my only protector. He stood by me, and I am grateful to him. I hope he will be re-elected president."

SICK DAUGHTER NOW WELL

Mrs. C. Cole Tells How Her Daughter Was Restored to Health by Lydia E. Pinkham's Compound.

Fitchville, Ohio.—"I take great pleasure in writing to thank you for what your medicine has done for my daughter.

"Before taking your medicine she was all run down, suffered from pains in her side, could not walk but a short distance at a time, and had severe pains in head and limbs. She came very near having nervous prostration. She had begun to cough a good deal and seemed melancholy by spells. She tried two doctors but got little help.

"I cannot find words to express my gratefulness for what Lydia E. Pinkham's Vegetable Compound has done for my daughter. She feels and looks like another girl since taking it, and I shall always feel that I owe you a great debt.

"You can use this letter for the benefit of others if you wish, as I shall always recommend your medicines for female troubles."—Mrs. C. COLE, Fitchville, Ohio.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Young Girls, Heed This Advice.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Nowadays, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

RESOLUTION

A resolution fixing the millage for the Borough tax for the fiscal year beginning the first Monday of January A. D. 1912.

Be it resolved and enacted by the Borough of Monessen in Council assembled, and it is hereby resolved and enacted by the authority of the same, that for the purpose of providing revenue for the said Borough for the fiscal year beginning the First Monday of January A. D. 1912, a tax of Eleven (11) Mills, be, and the same is, hereby laid upon each Dollar of the assessed valuation of all property in said Borough, taxable for County purposes, to be apportioned and applied as follows:—

For providing for the payment of interest and the redemption of bonds that may become due Four and one-half (4½) Mills.

For the purpose of opening and constructing a Street to the River One-Quarter (¼) Mills.

For park and playground purposes One-Quarter (¼) Mills.

Concrete Bridge

Monessen, Pa., March 22, 1912.

Sealed proposals will be received by the Secretary of the Borough of Monessen, Pennsylvania until eight o'clock p. m. April, 15, 1912, for the furnishing of all labor and materials for the construction of a Reinforced Concrete Viaduct for Reed avenue, in accordance with plans and specifications on file with said Secretary and at the office of Chester & Fleming, Consulting Engineers, Pittsburgh, Pennsylvania.

Viaduct is a highway bridge 32 feet wide and approximately 500 feet long, with 150 foot arch for the center span, spanning Third Street.

Each proposal must be accompanied by a certified check for One Thousand Dollars, ($1,000.00), and the successful bidder will be required to furnish a corporate bond in the full amount of the contract.

Copies of the plans and specifications may be obtained from the Borough Secretary or from Chester & Fleming, Consulting Engineers, Pittsburgh, Pennsylvania, upon the deposit of a certified check for Twenty-five ($25.00) Dollars, made payable to the Borough of Monessen, which check will be refunded upon the return of the plans and specifications in good condition within thirty days.

The right is reserved to reject any or all bids.

J. A. Sheetz,
Chairman Streets & Roads Committee
A. W. Johns,
Borough Engineer.

No Alum — No Lime Phosphates

LOCAL AND PERSONAL

Miss Hazel Dumbaugh is in Pittsburgh this afternoon attending the theatre.

The Misses Sara and Carrie Shutterly are in Pittsburgh today on a visiting and shopping tour.

Miss Charlotte Alsop of Altoona will spend Sunday, the guest of Miss Eva Lear of Reed avenue.

The Misses Helen and Elsie Stahlnecker are visiting over the week end the guests of friends in Pittsburgh.

Miss Elton Martz is home from California Normal to spend Sunday with her parents on McKee avenue.

Mrs. C. S. Harris, local operator for the Western Union, has sent in her resignation take effect the first of the month.

Miss Hallie Feightner of the Schlup department store was in McKeesport last night in attendance at a social function.

Meyer Meyers the well known Donner avenue merchant is able to be out after being confined to his home for several days with a severe cold.

Paul and John Sheetz have returned to school at St. Vincent's College after spending their Easter vacation with their parents here.

James Herron, Jesse Griffith and Henry Mitchell attended the West Penn Electric show in the skating rink at Charleroi last evening.

Mrs. J. H. Watt and daughter, Annabelle are visiting today with Mrs. Elizabeth Tesh at her home in Rankin.

The State Engineers have returned to Blairsville after having spent the last few days on the road survey between Belle Vernon, this place and Webster.

This is the last night of the big electric show at Charleroi and it is expected that the largest crowd that has attended so far will be on hand this evening. The admission is free and the exhibits are many, varied and instructive.

J. E. Brenneman, an inspector at the Pittsburgh Steel mill, who on Monday night sustained a broken arm, is improving and able to be down town. Mr. Brenneman was inspecting a car when a bunch of empties were run down the track and kicking into the other car knocked the man down, fracturing both the large and small bones of the right arm. It will be quite a while before he can go back to work.

Manager E. A. Preach of the Grand hotel is installing an up to date and sanitary barber shop in the basement of his hotel and expects to have it open and ready for business in a short time. The chairs arrived this morning along with the other furnishings and are being erected by a representative of the company. Being centrally located the venture should prove a successful one and every indication is that the shop will recieve a large and liberal patronage.

Well Connected.

"Yes," remarked the telephone girl as she gazed out at the waves and wondered what their number was, "I am connected with the best families in our city."—Catholic Universe.

SOMETHING HE WAS NOT ACCUSTOMED TO

A conductor on a South Connellsville car was given the surprise of his life the other day when a woman who had been carried past the corner at which she wished to alight, instead of losing her temper, apologized to the conductor for failing to notify him. The car was midway between Pittsburgh and Race streets when she arose and started toward the door.

"I wanted off at Pittsburgh street," she said, but "forgot to tell you. Please excuse me. I didn't want you to stop between corners." The conductor's jaw dropped. It was evident to all that he was embarrassed. It was not the kind of treatment he was used to. Finally he managed to stammer:

"Oh, that's all right, ma'am," and courteously helped her to alight.

"I have been ringing up fares for this company for a good while," he said to the man on the back platform, "but that's the first time that ever happened to me. And I thought that nice old lady was going to roast me, too."

OLYMPIC THEATRERS EXTRAORDINARY BILL

One of the best evening's entertainments that has been seen here for sometime is on the boards at the Olympic for this afternoon and evening and includes four high class vaudeville acts and several reels of pictures in addition to the American Press dispatches and the Base Ball scores. Derda, a novelty juggler is great and his act is one sure to please all. Leo and Earl in a singing and talking act took the house by storm and were recalled several times. The act is greatly helped by the excellent voices of the duo who render several operatic selections in a pleasing manner. Norine Carman and her two minstrel boys present an act entirely out of the ordinary, full of catchy songs and witty jokes. The bill is closed by Strickland's dog, pony and monkey circus and the entertainment afforded by these animals is well worth going a long ways to see Mr. Strickland has appeared here before but his act this year is away ahead of that of former years.

COLONIAL MINSTRELS ARE HARD AT WORK

The Colonial Minstrels one of the best known and most popular thespian organizations in the valley have been rehearsing for the past six weeks in preparation for their annual performance which will be staged this year in the large and commodious Turner hall in Charleroi the nights of April 22 and 23. Some of the best talent in these parts is to be found in the cast and the show will no doubt be one of the largest home talents ever put on in Charleroi.

The entertainment is being managed by Earl Taylor and it is safe to say that under his capable and efficient management that nothing will be lacking when the curtain rises on the magnificent first part. Wheeler's orchestra will furnish the orchestration.

A fine line sheep's wool sponges for house cleaning at Kirk's.

THE SAVIOR'S TEACHINGS
BROOKLYN TABERNACLE
BIBLE STUDIES

WHICH DAY IS SABBATH?

Mark ii, 23—iii, 6—April 14.

Text: "The Sabbath was made for man, and not man for the Sabbath." Mark ii, 27

THAT the Bible teaches some important lesson respecting the Sabbath is undisputed, but what that lesson is is much disputed. The fourth commandment of the Decalogue refers to the seventh day and requires its observance as a day of rest, and no more. The Ten Commandments as a whole were the basis of the Law Covenant, compulsory upon every Jew. The Jew keeping all of those commandments was promised everlasting life. Failure to keep them all condemned him afresh. There can be no doubt on this point. However, in our Lord's time, Jewish religionists had become to a considerable degree formalists, and greater stress was laid upon the literal commandments than on their real spirit. Jesus reproved this on several occasions.

"The Sabbath was made for man."

No commandment was given by Jesus or the Apostles to the Church respecting the Sabbath day. The early Church evidently did observe the Jewish seventh day in many places, and in some places the first day of the week, the Anniversary of our Lord's resurrection, and sometimes they observed both of these days. But their observance was not that of law or command, for the Apostle wrote, "Ye are not under Law, but under grace."

So with us today. We are glad that one day in the week is so generally observed as a day of rest, a Sabbath (Sabbath day signifies *rest day*). We are glad that the day so generally set apart is the first day of the week, because it so beautifully commemorates the Christian's hopes, attested by our Lord's resurrection from the dead.

To the Christian, every day is Sabbath, every day should be used as holy to the Lord and nothing should at any time be done contrary to the Divine will or the principles of the Divine Government. Jesus' declaration that He was Lord of the Sabbath reminds us afresh of St. Paul's declaration that God the Father rested from His own work on the Seventh Day. He left the work entirely for Jesus to do. The Seventh Day of Jehovah's rest was one of the great Days of the creative Week, each seven thousand years long. Six of these great Days had passed and man's creation was in the end of the sixth.

Having established His human son in Eden as the God or ruler of the earth, Jehovah rested or ceased from His work during the Seventh Day, or seventh period of seven thousand years. Six thousand years of this seventh period have already passed and Jehovah God has rested, ceased from His work—He has not interfered to assist man or lift him out of sin and degradation. Another thousand years of the seven remains, but God will not actively engage in man's rescue even then. Why not? Because it is a part of the Divine Program to leave fallen man and his rescue entirely in the hands of Jesus. He is Lord of this Great Seventh Day.

Man's Seventh Day.

This entire period of seven thousand years which constitutes the great Seventh Day or Sabbath with God is divided with man into seven great Days of a thousand years each, in six of which he has been under a reign of sin and death, toil and suffering; but the Seventh, or Sabbath, of a thousand years, has been appointed for his rescue and uplifting and blessing. In that glorious Seventh-thousand year period Jesus is to be Lord. It will be the great Antitypical Sabbath, and the great Antitypical Jubilee for mankind.

The Church's Sabbath Day.

St Paul clearly intimates that to the Church, the New Creation, every day is a Sabbath day, in the sense that God's consecrated people rest as God rests, in faith, in hope, in trust that Jesus will eventually deliver them, and bring them into a glorious Sabbath Rest. Yet even now, as St. Paul says, "We who believe do enter into rest." Literally, we who believe have a perpetual Sabbath. Seven days in the week, and fifty-two weeks in the year our hearts rest in the Lord and take comfort in the glorious promises of His Word through faith. Thus we rest from feelings of responsibility and worry on account of the world's salvation in exactly the same way that the Heavenly Father rests.

"Is it lawful to heal on the Sabbath day?"

We, like the Heavenly Father, have the fullest confidence that the Redeemer will yet accomplish the blessing of all the families of the earth, and bring all the willing and obedient into the great Rest Time of the future—the thousand years of the Messianic Kingdom, in which the world will be released from the slavery of Satan, sin and death.

THE TRUE TEST

Tried in Monessen, It Has Stood the Test

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Monessen-Kidney sufferers can hardly ask for stronger proof than the following:

Mrs. Feightner, 133 Oneida street, Monessen, Pa., says: "I suffered from severe pains in my back and left side and it seemed as if there were no relief for me. I had dizzy spells and my appetite was poor. Seeing Doan's Kidney Pills advertised, I obtained a box, although I had but little hope of their curing me. I am now glad that I took this remedy, however, for it improved my condition in every way." (Statement given Oct. 2, 1907.)

RE-ENDORSEMENT.

When Mrs. Feightner was interviewed on Nov. 9, 1909 she said: "I gladly re-endorse Doan's Kidney Pills. I still think highly of them and advise their use in all cases of kidney trouble."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

News Notes of Society

Mrs. James H. Griffen, Mrs. Edward S. Metz and Mrs. J. E. Mc Kenney last night attended a farewell party and reception given by the lodge of Ben Hurs of Charleroi in honor of Mrs. Maria Matthews at her home. Mrs Matthews being a faithful and hard working member of the order, was honored by the presence of a large number of her co workers and social friends, and a most enjoyable evening was spent. And while the hours passed pleasantly there was that darker side ever present at an event of this sort, when the time arrived for handshaking and the saying of farewell, as Mrs. Matthews along with her husband and family are soon to move to Youngstown, O., to make their future home. A very pleasing luncheon was served and Mrs. Matthews was presented a handsome silver bread tray as a mark of friendly remembrance by her guests. Mrs. Matthews will soon leave for Youngstown where her husband is engaged in business.

The Friday Evening Bridge Club was entertained last night by Mrs. Chauncey Duvall at her home on McKee avenue and a goodly attendance of members were there, Mrs. John Irons of Belle Vernon being an out-of-town guest. The evening proved most pleasureable, cards and sociability being the diversions, associated with a very pretty luncheon spread by Mrs. Duvall, assisted by her sister, Mrs. Irons. All in-all it was one of the most pleasing yet held of these Friday evening affairs.

The Woman's Thimble Club was entertained yesterday afternoon at the home of Mrs. John Hanlon of McKee avenue and a most enjoyable season was spent by the members, who had as guests, Mrs. Edward Long and two children of Monongahela. A dainty luncheon was served after the social hour and that feature was one among the most enjoyable.

Kenneth M. Hart, a well known railroad man of South Brownsville and Miss Jessie W. Gilleland, of Fayette City were married in Pittsburgh Wednesday, April 10th. They visited relatives in Charleroi in the afternoon. The young couple will reside in South Brownsville.

CHURCH BELLS

MINES MAY RESUME OPERATIONS MONDAY

There is a splendid prospect that all the mines in the Pittsburgh district will resume some time next week, possibly on Monday. Partial returns received at the miners' convention in Pittsburgh from the referendum election held in this district Wednesday, indicated it had been approved overwhelmingly. There is a prospect that the idle miners of the district may resume work Monday: but as there is no doubt of the result, the convention may take action looking toward a more prompt resumption than had been first intended.

President Francis Feehan, of the Pittsburgh district, stated yesterday afternoon that the scale had been approved five to one.

The reports of the election gave great saisfaction to the delegates who sat in convention, which gave rise to relief that the question of an earlier resumption than was at first intended may be reopened and decided in the affirmative.

A proposition to abolish the various accident and death benefit organizations fostered by many coal companies, occupied a considerable portion of the time of the convention. During the debate Chas. E. Shaw, of Webster, told the convention that he was offered a rake-off by an undertaker for all the business he could throw the undertaker's way. The matter was finally referred to the scale committee, which is expected to report a new plan solely under the control of the miner's organization.

When your doctor sees Kirk's label on your prescription he will be satisfied.

J. J. Cushing, a member of the Employers' Liability Commission will attend a meeting of that body on Monday and Tuesday at Hotel Henry, Pittsburgh at 11 o'clock.

On Monday, Tuesday and Wednesday, April 22, 23 and 24, the Commission will meet in Philadelphia.

PENNSYLVANIA RAILROAD ORGANIZING FARM CLUBS

Determined to secure the co operation of the farmers in it's agricultural work, the Pennsylvania Railroad company is now forming farmers' clubs on its Williamsport Division. A. E. Grove the railroad's agent at Elizabethville, Pa., has been temporarily relieved in order that he may devote his time to the organization of these clubs, two of which are already in existence.

One of the clubs which Mr. Grove has started is located in Glen Iron, Pa., and another in Mifflinburg. The membership is composed of the very best farmers in the community, and the management of the clubs is entirely in the hands of the members. The railroad management is confident that the work done by these clubs will be of material assistance in the agricultural campaign which the railroad has been conducting for the past four years.
